

## FREQUENTLY ASKED QUESTIONS

### Administrative Questions:

**Q: What should I do with the previous cable equipment inside my home?**

**A:** Contact your previous cable provider directly for instructions.

### TV/Video Service:

**Q: My receiver and/or TV is not turning on?**

**A:** On the remote control hit the STB button and then the Power button. This should turn on both the TV and the STB together (you will see a blue LED on the STB). If both devices do not turn on, Hit the TV button and then the Power button. This will turn only the TV on/off and both devices should now be either on or off. If they are both on, press STB to control your cable normally. If they are both off, hit the STB button and then the Power button. This will turn on both the TV and the STB.

**Q: How do I record a program?**

**A:** While watching a program, press the REC button (red dot) to record.

**A:** From the Guide, highlight any program you wish to record and then press the REC button to record.
