

OHH Did you know?

Opticaltel Helpful Hints ARE HERE!

How do I record a program?

Option 1: While watching a program, press the **REC button** (red dot) to record.

Option 2: From the Guide, highlight any program you wish to record and then press the **REC button** to record.

Option 3: From the Guide, highlight a program and press the **INFO button** to open the details pane. Use the right arrow button to find the **"Record Program"** option and press the **OK button** to record.
